# The Aqua Technics Pools Story

The purchase of your very own swimming pool is an exciting time! A cool-off in summer, recreation for the kids and poolside barbecues have infinite appeal, yet with so many companies to choose from, how can you be sure you are getting the very best pool for your investment?

## LOOK NO FURTHER

Aqua Technics Pools has been manufacturing award-winning fibreglass pools since 1976. Right from day one, we knew that if we wanted to be the leading swimming pool manufacturer in Australia, we also had to lead the way with product development and technology. So we began burning the midnight oil researching new manufacturing methods and materials.

## AND WE HAVE BEEN EVER SINCE

That's why Aqua Technics Pools has the best range of technologically advanced, award-winning swimming pools in Australia. You can rest assured your pool has been built to Australian Standard 1838 under license number BMP 520101, includes an Extended Lifetime Structural Warranty and has award-winning Pool ColourGuard® protection, with brilliant colour guaranteed not to fade.

We stand behind our pools so you can take the plunge with confidence, knowing that you have invested in the very best swimming pool available – a pool built stronger to last longer from the team at Aqua Technics Pools.

# Purpose Built Manufacturing Facility

Our world-class production facility has been purpose-built for the manufacture of fibreglass swimming pools. Here we can build a technologically superior product of the highest quality.

Along with our state-of-the-art facility, we can proudly boast to having our own in-house gelcoat production division overseen by two industrial chemists. This allows us to freshly batch our gelcoats on a daily basis, allowing them to be modified to suit ambient weather conditions. This is extremely important in order to produce a superior quality product.

Each of our pools is manufactured in accordance with a Quality Management System as per the requirements of International Standard ISO 9001 and supplied to comply with AS/NZS 1838:1994 under license number BMP 520101. Obtaining this accreditation means we are measured and tested by an authorised, independent auditor and is not easily achieved. Any pool builder can say they build to, or better than, the Australian Standard. For your peace of mind, always ask for a license number.

The strength of our pools is backed by an Extended Lifetime Structural Warranty and we are the only swimming pool company in the world offering a Lifetime Interior Surface Guarantee\*.

OUR PROMISE TO YOU, THERE IS NO BETTER SWIMMING POOL

\*Conditions apply.

# The Aqua Technics Edge

WHAT SETS US APART FROM THE REST

FADE FREE

Aqua Technics pools have patented Pool ColourGuard® surface protection, which resists the effects of UV rays and chemicals, guaranteeing pool colour that will not fade.

QUALITY ASSURED

Certified to build to AS/NZS 1838 under license BMP 520101. We are measured and tested by an authorised, independent auditor. Anyone can say they build to the Standard. For your peace of mind always ask for a license number. We also comply to the AS/NZS ISO 9001 Quality System.

LIFETIME WARRANTIES

Pool ColourGuard® Lifetime Interior Surface Guarantee and Extended Lifetime Structural Warranty - our commitment to providing extended warranties above those standard in the SPASA contract.

ANTI-MICROBIAL PROTECTION

Microtech Anti-Microbial Pool Protection prevents surface algae growth, making it exceptionally hygienic and safer for your family. It's 100% safe and gentle on the human body.

PRECISION MOULDS

New designs are built using a 5-axis CNC router with computer aided robotics ensuring moulds built to exacting tolerances. The edge beams are true, the shapes geometrically perfect and the surface finish is without peer.

SUPERIOR STRENGTH

Full sized structural ribs, fully supported steps and bench seating and a wider edge beam mean the pool is independently structural and has no need for secondary engineering works. New high strength fibreglass produces a stronger, stiffer pool - up to 20% stronger.

SUPERIOR MATERIALS

All pools are manufactured using high performance, corrosion resistant, eco-friendly fibreglass with improved strength and stiffness. Our onsite gelcoat manufacturing facility means daily batching of materials for a better product. Only specialty materials are used - no general purpose products.

## Swimming Pool Specifications

### STEP REINFORCEMENT

Each walk-in step reinforced with rot-proof polyurethane covered with double thickness fibreglass lay-up.

Underside of steps fully enclosed with fibreglass to prevent voids in backfill.

### EDGE BEAM DETAIL

Non-slip surface or optional pavers designed to fit perfectly.

45 degree baffle – engineered & designed to support the horizontal area of the edge beam.

The design of the edge beam coupled with the width at 200mm means that your pool is structurally sound without having to add any secondary engineering works\*.

\*Individual site conditions should be referred to local engineers or authorities for verification.

Family owned and operated for over 41 years

# Exclusive Fade-Free Technology – Pool ColourGuard®

Only Aqua Technics Pools can offer you pool colour guaranteed not to fade, backed by a Lifetime Interior Surface Guarantee\*. No other product world-wide has the benefits of the Pool ColourGuard® surface protection system, which include:

### POOL COLOUR THAT WILL NOT FADE

Patented technology ensures your pool continues to look as good as the day it was installed as it is protected from colour loss and weathering.

### SUPERIOR DEFENCE AGAINST CHEMICALS AND WATER

Accidental low pH readings or high chlorine levels will not harm the pool's finish or brilliant colour.

### BRILLIANT HIGH GLOSS FINISH

Never before seen on swimming pools, Pool ColourGuard® imparts a very high gloss to the pool's surface, which is maintained year after year.

### WITHSTANDS THE EFFECTS OF UV RAYS

Pool ColourGuard® acts like sunscreen on your pool, minimising any degradation of the surface by UV light, as tested through a QUV Accelerated Weathering Test in compliance with ASTM G154-06.

### SPECIALISED DUAL COAT SYSTEM

Two layers are merged to provide the extraordinary protection offered by Pool ColourGuard®.

Specific ultra violet light absorbers and stabilisers provide unparalleled protection against the damaging effects of UV rays.

**This world-first surface protection system is patented in 7 countries so don't be fooled, there is no equivalent available in the market.**

### ESSENTIAL RANGE

The most popular colours by far, they suit any of our pool designs and look amazing day or night.

Crystalite Series – Silver Mist

Crystalite Series – Horizon

Crystalite Series – Twilight

### SPECIALTY RANGE

If you are after something a little different, then our Specialty range may be just what you are looking for.

Marble Series – Artesian Mist

Marble Series – Assana Blue

Marble Series – Volcanic Ash

Marble Series – Black Coral

Starlight Series – Poseidon

Starlight Series – Sterling

Starlight Series – Cosmic Blue

Crystalite Series – Bluesteel

\*Conditions apply

Every effort has been made to represent the true colours, however variations may occur due to the printing process. We recommend viewing colour samples before making your final selection.

# Australia's most awarded pool company

The quality of the swimming pools we offer has not gone unnoticed. Numerous awards have been received, including local and national Swimming Pool & Spa Association (SPASA) Awards of Excellence and even International Awards of Excellence from the Association of Pool & Spa Professionals (APSP) - proof that the superiority of our pools is recognised the world over.

Over 50 SPASA Gold Awards

Over 35 SPASA Silver Awards

Over 20 SPASA Bronze Awards

Australian Design Awards x 13

HIA Pool Project of the Year

APSP International Awards x 17

## Enjoy the ultimate relaxation with the Saint-Remy Pool+Spa Combination

The Saint-Remy is the latest pool and spa combination from Aqua Technics Pools that gives you both swimming and relaxation zones within a single shell. Holiday at home with your own indulgent pool and spa experience.

### Entry Zone

- Wide entry step
- Rumble seating area featuring air bubbles that can be turned on to create a play area for the kids\*
- Steps do not protrude into the swimming area
- Option to add spa jets

### Spa Zone

- 2m x 1.86m, 980mm deep
- Easily seats 6 adults
- 2 x recliner seats and bench seating
- Relax and unwind with 8 x spa jets and 4 x micro jets
- Heating provisions so spa can be heated separately from pool
- 1 x LED blue light

### Spillway

- Water seamlessly cascades into the pool
- Coping stone can easily be fitted to match pool coping
- Non-slip recessed area

### Bench Seating

- 600mm wide bench seat
- Fully supported, adding to the structural strength of the pool
- Ideal rest zone and area for kids to play
- Includes deep end step for safe exit from the pool

200mm edge beam - fully supported so secondary engineering works are not needed

Pool ColourGuard® fade-free surface protection

Variable skimmer box location - flexibility to suit the position of water features

\*Children should be supervised at all times

Innovative design techniques combine with contemporary thinking to bring you these stylish pool models that are exclusive to Aqua Technics

#### SERIES FEATURES

- Extended seating ledge running the entire length of the pool
- Stylish, curved side-entry step area
- Optional spa jets for a soothing hydrotherapy massage
- Full depth walls for maximum swimming area
- Generous area for recreation and exercise

#### Omega

#### Capricorn

#### Aquarius

An award-winning range of stylish, safety ledge designs created to complement any size outdoor entertaining area

#### SERIES FEATURES

- Wide entry steps offering an entrance point to both the shallow and deep end
- Deep end corner swimout, perfect for relaxation
- Safety ledge design, ideal for children learning to swim\*
- Designed for entertaining, recreation and exercise

Enhance your outdoor entertaining area with a Spillway Spa or wading pool

The spillway channel connects seamlessly to the edgebeam of your pool and features a non-slip tread pattern. The spa controls are located in the corner of the spa, off the edge beam, so a header course can be laid to match your pool.

<p><b>Apollo Features</b></p> <ul style="list-style-type: none"> <li>• Size: 1.63m x 1.63m</li> <li>• Volume: 1,200 litres</li> <li>• 2 recliners, 2 bench seats &amp; 1 therapy seat</li> <li>• Seats up to 5 people</li> </ul>	 <p>External: 2.1m x 2.1m Depth 0.75m</p>	<p><b>Nova Features</b></p> <ul style="list-style-type: none"> <li>• Size: 2.2m x 1.8m</li> <li>• Volume: 2,350 litres</li> <li>• Seats up to 7 people</li> <li>• Continuous bench seating</li> <li>• 2 corner steps</li> </ul>	 <p>External: 2.6m x 2.2m Depth 1.0m</p>	<p><b>Cove Features</b></p> <ul style="list-style-type: none"> <li>• 350mm deep kids wading pool</li> <li>• Size: 2.2m x 1.8m</li> <li>• Volume: 1,100 litres</li> <li>• Ideal paddling area*</li> </ul>	 <p>External: 2.6m x 2.2m Depth 0.35m</p>
